The above information is not to be construed as investment advice and the choice of fund to which your policy is linked should be based on the full details included in the brochure and fund profile. This information should be read in conjunction with the full details contained in the product Terms and Conditions, Key Features Documents and other relevant product literature.

*Past performance should not be seen as reliable indicator of future performance and the value of the fund may go up as well as down resulting in fluctuations to your policy. It is important to remember that therefore you may not get back the amount originally invested. Changes in the rates of currencies, particularly where overseas securities are held, may also effect the value of your investment. Performance information is up to 30 June 2015.

**These percentages relating to the Top 5 Holdings are indicative as at 30 June 2015 and change frequently.
