L-ġħaniżiet tal-pjan

Il-pjan huwa pjan *unit-linked* ta' investiment għas-sigurtà fuq il-ħajja, li għandu firxa ta' *sub-funds* lokali u internazzjonali li għandhom il-baži tagħhom f'assi miżmura f'muniti diversi u jifformaw il-baži tal-HLM *Unit-Linked funds* ('il-fondi'). B'hekk huwa rottu ekonomika biex isir investiment indirett fis-swiegħ finanzjarji globali u lokali.

Hemm possibilità li xi fondi ma jkunux dejjem miftuħin għall-investiment.

Il-pjan joffri l-fllexxibilità li taqleb minn fond għall-ieħor biex tkun tista' tirreagħixxi għall-iżviluppi fis-suq.

Il-pjan jimmira li jħallas somma waħda f'daqqa meta l-polza timmatura.

Harsien addizzjonali li jingħata fl-FSIP Regular Option

Il-FSIP Regular Option joffrilek ħarsien addizzjonali għalik u għall-konjuġi u d-dipendenti tiegħek permezz ta' għażla ta' beneficiċċi oħra ta' sigurtà fuq il-ħajja u diżabilità. Il-ħarsien addizzjonali ('il quddiem imsejjaħ 'il-Benefiċċi Addizzjonali') jinkludi:

- Kopertura Addizzjonali fuq il-ħajja.
- Benefiċċju għal Mewt b'Disgrazzja.
- Benefiċċju għal Dizabilità Permanent Totali jew Parżjali.
- Benefiċċju għal Mard Kritiku.
- Eżenzjoni mill-ħlas tal-Primjum.

Il-fatturi tar-riskju tal-pjan

- Jekk issarraf il-pjan fl-ewwel ħames snin, tkun trid thallas s-surrender charges.
- Minħabba l-inflazzjoni, dak li tista' tixtri bil-flus li ddaħħal meta tagħlaq il-polza jonqos.
- Ma tiġi milqugħha ebda talba għal beneficiċċi addizzjonali jekk qabel ma jkun beda jseħħi il-pjan tkun inqast milli tagħti xi informazzjoni materjali mitluba lilek jew tkun tajt informazzjoni mhux korretta.
- Kull applikazzjoni għal beneficiċċi addizzjonali trid tiġi sottoskritta. Il-kopertura tal-ħajja tibda tgħodd biss wara li nkunu aċċettajna l-applikazzjoni.

Riskju ta' Likwiditā

Id-diffikulta biex certi fondi sottostanti fi ħdan il-Polza jiġu likwidati minħabba s-swiegħ u/jew titoli li jinvestu fihom il-fondi sottostanti tista' toħloq riskji potenżjali għall-investituri minħabba li l-fondi sottostanti kultant jistgħu jesperjenzaw dewmien fil-likwidazzjoni tal-assi biex iżżommu r-rekwiżiti tal-likwidita tagħhom. F'dan il-każ, l-HLM Unit-Linked Fund li jkun qed jinvesti f'dak il-fond sottostanti jista' jesperjenza dewmien biex jillikwida l-units tiegħu fi ħdan il-fondi sottostanti. F'ċirkostanza bħal din, HSBC Life għandha d-dritt tissospendi x-xiri u l-bejgħ tal-Units fil-Polza sakemm il-Fondi sottostanti jiksbu lura l-likwidita tagħhom. Dan jista' jwassal għal dewmien fil-pagament tal-benefiċċi tal-Polza maċ-ċediment tal-Polza jew meta ssir talba għal-ġbid parżjali tal-Polza.

Il-fatturi tar-riskju tal-HLM Unit-Linked Funds

- Ir-rizultati tal-passat ma jservux neċċessarjament ta' gwida għar-riżultati tal-futur. Il-valur tal-investimenti u l-muniti li huma denominati fihom jistgħu jitilgħu kif ukoll jinżlu, u jista' jkun li ma tirkuprax l-ammont oriġinali li tkun investejt.

Il-flus tal-polza meta neħodhom?

Il-flus tal-polza jitħallsu meta l-polza timmatura jew mal-mewt tal-assigurat jekk din tiġri qabel. Jekk tkun għażiż xi beneficiċċi addizzjonal (minn dawk deskritti taħt it-titlu 'X'benefiċċi oħra nista' nagħżel?') il-polza thallas ukoll l-ammonti dovuti skont il-benefiċċi magħżula. L-HSBC Life thallas lill-benefiċċjarju nominat il-valur tal-*bid* tal-investiment fid-data tal-maturità. Jekk il-persuna assigurata tmut matul il-perijodu tal-polza (imsejja ħ-it-terminu), L-HSBC Life thallas lill-benefiċċjarju nominat l-ogħla somma bejn l-Assigurazzjoni Garantita fuq il-Ħajja u l-valur tal-*bid* tal-units, flimkien mal-benefiċċju ta' terminu addizzjonal jekk ikun intgħażel. Madankollu jekk il-persuna assigurata ġġarrab xi diżabiltà jew marda matul il-perijodu tal-polza, L-HSBC Life thallas lill-persuna assigurata s-somma assigurata jekk ikun intgħażel il-benefiċċju addizzjonal li japplika. Il-benefiċċju kklejmjat jieqaf u l-polza tista' tibqa' għaddejha.

Meta Detenturi tal-Polza joint jaqblu, u Aħna nkunu infurmati b'dan il-qbil, meta tmut Persuna Assigurata minnhom l-interessi kollha tal-Polza dak iż-żmien jissaħħu favur id-Dtentur/i tal-Polza, li jkun fadal, u l-Polza tibqa' fis-seħħi għad-Dtentur/i tal-Polza li jibqa' /jibqgħu ħajjin biss.

Il-valur tal-pjan tiegħek meta tieħu l-benefiċċi jew meta jkun abbandunat jiddepPENDI mill-valur fis-suq tal-units akkumulati tal-fondi li tkun għażiż meta għalaq il-pjan jew meta abbandunajtu, u mhuwiex garantit. Il-valur tal-pjan unit-linked tiegħek jista' jinżel kif ukoll jitħla' u Int tista' tieħu lura inqas minn kemm tkun investejt.

Taqṣira tal-Politika ta' HSBC Group dwar il-Kunflitti ta' Interess

HSBC Group

Bil-kwartieri ġenerali tiegħi f'Londra, I-HSBC huwa waħda mill-ikbar organizzazzjonijiet ta' għotxi ta' servizzi bankarji u finanzjarji fid-dinja. In-network internazzjonali tal-HSBC jinkludi uffiċċċi f'pajjiżi u territorji fl-Ewropa, ir-reġjun tal-Asja-Pacifik, I-Amerika, il-Lvant Nofsan, I-Afrika u t-Turkija.

Kunflitti ta' Interess

“Kunflitt ta' Interess” (“Kunflitt”) huwa sitwazzjoni jew arranġament fejn HSBC Group, jew kumpanija li għandu xi assoċċazzjoni magħha, (“HSBC”) u/jew xi ħadd mill-impiegati tiegħi jkun suġġett għal ħafna influwenzi, li l-kompetizzjoni fihom tista' thalli effett hażin fil-proċess tat-teħid tad-deċiżjonijiet jew fir-rizultati miksuba fil-proċess tat-tmexxija tan-negożju.

Kunflitt jista' jinħoloq minħabba l-kompetizzjoni bejn influwenzi leġġittimi (bħal li taġixxi għal iktar minn klijent wieħed), jew minħabba l-preżenza ta' xi wħud li jagħmlu l-ħsara (bħal kisbiet personali). Minħabba li I-HSBC jipprovd iġha għażiex kliju servizzi, minn żmien għal ieħor jista' jkollu interassi li jikkawżaw kunflitt mal-interassi tal-klijenti jew mad-doveri li jkollu lejn il-klijenti tiegħi.

Jistgħu jinqalgħu kunflitti bejn:

1. klijent u ieħor (klijent versus klijent);
2. I-HSBC u klijent (I-HSBC versus klijent);
3. impiegat u klijent (impiegat versus klijent);
4. impiegat u I-HSBC (impiegat versus I-HSBC); u/jew
5. Pparti mill-ħas u oħra (I-HSBC versus I-HSBC).

I-HSBC stabbilixxa politiki u proċeduri mfassla biex jidtentifikaw, u jipprevven jew jikkontrollaw il-Kunflitti. Il-proċeduri dwar il-kunflitti jiġu riveduti kull sena, tal-inqas. Dawn il-politiki u proċeduri jinkludu arranġamenti biex ikunu mħarsa I-interassi tal-klijenti.

Kif I-HSBC jaġixxi mal-Kunflitti

L-istrutturi organizzattivi tal-HSBC huma mfassla b'mod li mgħiba li tista' twassal għal Kunflitti ma tigħix incenċivata jew ma tingħaxx rikonoxximent.

Fejn ikun meħtieg, I-HSBC jillimita certa informazzjoni milli tgħaddi għand certi impiegati biex jipproteġi l-interessi tal-klijenti tiegħu.

L-HSBC għandu l-proċeduri lesti biex:

- jidher t-tipi kollha ta' Kunflitti potenzjali li b'mod raġunat jistgħu jinqalgħu fil-kuntest tal-attivitajiet tiegħu;
- iżomm registri ta' Kunflitti potenzjali identifikati;
- jittratta jew iwaqqaf milli jinqalgħu I-Kunflitti kontinwament;
- jikxef il-Kunflitti fejn ikun xieraq; u
- iżomm evidenza ta' meta jinqalgħu I-Kunflitti li ma jistgħux jiġu trattati.

L-Identifikazzjoni tal-Kunflitti

Kull wieħed mill-Global Businesses tal-HSBC jeħtieg li jikkunsidra t-tipi ta' Kunflitti relevanti għas-servizzi u l-attivitajiet spċifici li jagħmel.

Pereżempju, titqies il-possibbiltà ta' Kunflitt potenzjali meta:

- ikun žviluppat prodott ġdid;
- meta jkunu qed jiġu stabbiliti jew emendati arranġamenti cross-referral, fejn jidħol il-qsim tad-dħul jew arranġamenti ta' impriża konġunta; jew
- it-trasferiment tan-negozji, attivitajiet jew ħidmiet (jew partijiet minnhom) f'parti oħra tal-Grupp.

Meta Kunflitti potenzjali jinvolvu lill-klijenti, l-assessjar iqis ukoll jekk il-Grupp u/jew xi impiegat tiegħu:

- jistax jikseb dħul finanzjarju jew devita telf finanzjarju spejjeż ta' xi klijent;
- għandux xi interess fir-rizultat ta' servizz ipprovdut lil klijent, jew ta' tranżazzjoni mwettqa f'isem il-klijent, li huwa separat mill-interess tal-klijent f'dak ir-rizultat;
- għandux xi incenċiv finanzjarju jew xi incenċiv ieħor favur l-interess ta' klijent wieħed (jew grupp ta' klijenti) fil-konfront tal-oħrajn;
- iħaddimx l-istess negozju bħal tal-klijent; u/jew
- jirċevix jew hux se jirċievi xi thħajjir b'rabta ma' servizz ipprovdut lill-klijent minn xi ħadd li mhux il-klijent stess.

L-HSBC iżomm registri interni, li jiddokumentaw u jevalwaw il-Kunflitti potenzjali identifikati kollha. Dawn ir-registri jżommu kont ukoll tal-kontrolli li jsiru biex jiġu trattati t-tipi kollha ta' Kunflitti jew jitwaqqfu milli jinqalgħu, u huma suġġetti għal sorveljanza u reviżjoni regolari mis-senior management tal-HSBC.

Kif jiġu trattati jew imwaqqfa milli jinqalgħu I-Kunflitti

L-HSBC jistruttura r-rimunerazzjoni, it-tqassim u l-immaniġġjar tal-impiegati b'mod li jiġu minimizzati I-Kunflitti.

Il-proċeduri li jeliminaw il-Kunflitti jassiguraw li, fejn hu meħtieg, Kunflitti potenzjali jeskalaw u jiġu trattati qabel ma I-HSBC jintrabat bi tranżazzjoni.

F'xi kaži, I-HSBC jista' jikkunsidra li ma jirrappreżentax lil xi klijent, jew lil iktar minn wieħed. Pereżempju jekk:

- kunflitt ikun kbir wisq;
- I-obligi tal-kunfidenzialità ma jħallux li tiġi żvelata certa informazzjoni (ara l-Għoti tal-Informazzjoni, hawn taħt); u/jew
- ma jistax jinkiseb kunsens b'mod infurmat, jew mhux bizzżejjed biex ikun ikkontrollat Kunflitt.

L-Ufficċċu tat-Thaddim tal-Kunflitti apposta, li jirrapporta lid-dipartiment tal-Konformità Regolatorja, huwa l-punt fejn jeskalaw Kunflitti sinifikanti, u huwa l-post fejn jingiebu għall-attenzjoni r-risoluzzjonijiet ta' Kunflitti cross-business.

Jiġu pprezentati rapporti miktubin fuq is-servizzi u l-attivitajiet riflessi fir-Registri tal-Kunflitti lis-senior management tal-Grupp kull sena, tal-inqas.

L-Għoti tal-informazzjoni

L-HSBC jista' jaġħti informazzjoni b'mod ġenerali lill-klijenti dwar certi tipi ta' Kunflitti potenzjali, filwaqt li jispjega kif inħuma trattati dawn il-Kunflitti (pereżempju, permezz ta' separazzjoni bejn in-negozji jew miżuri li ma jippermettux li tinqasam informazzjoni kunfidenziali mingħajr awtorizzazzjoni) biex inaqqsu r-riskju li ssir il-ħsara lill-interessi tal-klijenti.

Madankollu, fejn I-HSBC ikun uža l-isforzi kollha b'mod raġonevoli biex jittratta Kunflitt jew iwaqqfu milli jinqala', iżda xorta jibqa' r-riskju li ssir il-ħsara lill-interessi tal-klijent, tiġi żvelata lill-klijent informazzjoni speċifika rigward il-preżenza ta' Kunflitt.

Dan l-iżvelar spċifiku jsir qabel ma jiġi konkluż kuntratt, b'mezz li jibqa', u jinkludi biżżejjed dettall, filwaqt li jqis in-natura tal-klient, biex iwassal lill-klient biex jieħu deċiżjoni infurmata.

Xi drabi, id-dmir tal-kunfidenzjalitā lejn xi klijent jista' jillimita l-iżvelar tal-informazzjoni lil klijent ieħor.

Impjegati

L-HSBC jeħtieg li l-impjegati tiegħu japplikaw ġudizzju tajjeb u jaġixxu b'integrità, filwaqt li jieħdu l-passi xierqa biex:

1. Jevitaw Kunflitti personali (pereżempju, fit-thaddim tal-kont personali tagħhom); u
2. Jeskalaw b'mod proattiv Kunflitti personali li jinqalghu.

L-ebda impjegat m'għandu permess jagħti parir lil xi klijent fuq xi kwistjoni li fiha għandu interess personali, u lanqas jista' jieħu deċiżjonijiet kummerċjali f'isem il-Grupp jekk dawn id-deċiżjonijiet huma relatati ma' kwistjonijiet personali jew esterni sakemm ma jitteħdux passi biex jiġi ttrattat il-Kunflitt b'mod sodisfaċenti.

L-HSBC jieħu l-passi raġonevoli kollha biex jidentifika, u jittratta jew iwaqqaf milli jinqalghu Kunflitti ta' Interess.

Pussess u struttura tal-Grupp

Il-Kumpanija hija sussidjarja proprietà sħiħa ta' HSBC Bank Malta p.l.c., bl-ufficċju reġistrat f'116, Triq l-Arċisoqof, il-Belt Valletta, Malta. Il-parent company aħħarija hija HSBC Holdings p.l.c., bl-ufficċju reġistrat fi 8, Canada Square, Londra E14 5HQ, ir-Renju Unit. Il-proporzjon ta' interess f'pussess miżimum fil-Kumpanija minn HSBC Holdings p.l.c. huwa 70.03% u minn HSBC Bank Malta p.l.c. ("HBMT") huwa 100%. Il-proporzjon tad-drittijiet tal-voti huwa l-istess.

The Packaged Retail and Insurance-based Investment Products Regulation ("PRIIPs Regulation")

Il-Packaged Retail and Insurance-based Investment Products Regulation ("PRIIPs Regulation") daħal fis-seħħi fl-1 ta' Jannar 2018. Dan jistipula li HSBC Life Assurance (Malta) Ltd għandha tiproduci Dokument ta' Karatteristiċi Ewlenin (Key Information Document, ("KID")) prekuntrattwali. Ir-Regolament huwa intenzjonat li jagħmilha iż-żejt faċċi għall-investituri fil-livell ta' konsumatur biex jifhmu u jqabblu l-karatteristiċi ewlenin, ir-riskju, il-ħlasijiet bi premju u l-ispejjeż ta' prodotti differenti fl-ambitu tal-PRIIPs permezz tal-KID. Dan huwa dokument indipendenti li jingħata b'xejn u għandu jinqasam mal-investituru qabel ma tigħi konkluża kwalunkwe tranżazzjoni. L-iskop principali tar-Regolament PRIIP huwa biex itnejeb l-istandardi ta' protezzjoni tal-investituru għal klijenti fuq livell ta' konsumatur.

Skont ir-regolament, id-Dokument ta' Karatteristiċi Ewlenin ikun aġġornat fuq bażi regolari. Biex tara dawn id-dokumenti jekk jogħġibok żur www.hsbc.com.mt u agħfas fuq Investing > Savings, pensions and investments > Key Information Document.

Sustainable Finance Disclosure Regulation (SFDR)

Skont l-SFDR, bħala l-manifattur ta' prodotti ta' investiment ibbażati fuq l-assigurazzjoni (insurance-based investment products – IBIPs), HSBC Life hija mitluba tagħti informazzjoni dwar kif tqis ir-riskji ta' sostenibbiltà u l-impatt ta' kwistjonijiet Ambjentali (Environmental – E), Soċċiali (Social – S) u Tmxixja Korporattiva (Corporate Governance – G) fil-proċess tat-teħid tad-deċiżjonijiet relatati mal-investiment u l-politika ta' rimunerazzjoni. L-investimenti sottostanti ta' dan il-prodott finanzjarju ma jiħdux in konsiderazzjoni l-kriterji tal-UE dwar attivitajiet ekonomiċi li huma ambjentalment sostenibbli.

L-impatti ta' riskji ta' sostenibbiltà fuq id-dħul ta' prodotti ta' investiment ibbażati fuq l-assigurazzjoni (IBIPs) Prodotti Unit Linked

Il-paragrafi li jmiss jiddeskrivu l-integrazzjoni ta' riskji ta' sostenibbiltà fit-tfassil tal-prodotti fejn HSBC Life tista' tinfluwenza l-għażla tal-fond u l-manager tal-fond.

Standards u principji ta' sostenibbiltà huma inkorporati fit-tmexxija tal-prodott u l-proċess ta' approvazzjoni tagħna. Permezz tat-tim tad-due diligence speċjalizzat tagħna, fi sforz biex jinftieħmu r-riskju ta' sostenibbiltà u l-impatt ta' kull deċiżjoni relatata ma' investiment, HSBC Life primarjament taħdem u tinvolvi ruħha ma' asset managers li huma firmatarji fil-Principles for Responsible Investment (PRI) u li jintegraw ir-riskji ta' sostenibbiltà fil-proċess ta' investiment. Dan ifisser li l-impatti negattivi principali ta' deċiżjonijiet relatati ma' investiment jiġu kkunsidrati f'dan il-proċess.

Biex jagħtu lill-klienti għadd ta' investimenti minn fejn jagħżlu li jirriflettu l-ħtigiet u l-preferenzi personali tagħhom, il-prodotti HSBC Life Unit-Linked joffru aċċess għal firxa ta' investimenti mmexxija minn fund managers esterni. Għal dawn il-prodotti, l-investimenti u d-dħul u r-riskji assocjati magħħom, inkluż dawk relatati mas-Sostenibbiltà, ikunu ġejjin kompletament mill-portafoll ta' investimenti magħżul apposta minn kull klijent individwali. L-iscreening jew due diligence tar-riskji ta' sostenibbiltà relatati mal-investiment isir mill-fund manager rispettiv. Irreferi għall-HSBC Life fund fact sheets għal tagħrif dwar il-fund manager u l-fondi rispettivi. Il-Fund Fact Sheets jinstabu fis-sit <https://www.hsbc.com.mt/insurance/forms/>.

L-integrazzjoni tar-riskji ta' sostenibbiltà fit-tfassil u/jew il-proposta tal-prodott mhux neċċessarjament tfisser li se tiġi effettwata

I-prestazzjoni finanzjarja (tal-prodott jew tal-investiment sottostanti).

Madankollu, il-fondi li jittrattaw kwistjonijiet ESG tajjeb jistgħu jantiċipaw aħjar riskji u opportunitajiet ESG futuri. Dan jagħmilhom iżżejjed strateġikament reżiljenti u għaldaqstant kapaċi jantiċipaw ir-riskji u l-opportunitajiet li jkunu se jiľtaqgħu magħhom, u jadattaw għalihom. Bi-istess mod, jekk ma jkunux trattati kif xieraq, ir-riskji relatati mal-ESG jistgħu jħallu impatt negattiv fuq il-valur tal-investiment sottostanti.

Dawn ir-riskji jistgħu jipprezentaw ruħhom f'forom differenti, inkluż:

1. inqas dħul minħabba tibdil fil-preferenzi tal-klijent, impatt negattiv fuq il-ħaddiema, xi inkwiet u kapaċità tal-produzzjoni mnaqqsa;
2. żieda fl-ispejjeż tal-operat/kapital;
3. kanċellament u rtirar kmieni ta' assi eżistenti; u
4. meta tintilef ir-reputazzjoni minħabba multi u ġudizzji u meta tintilef il-liċenzja tal-operat.

Dawn ir-riskji kollha għandhom il-potenzjal li jheddu l-każ tal-investiment u jeqirdu l-valur tad-detentur tal-ishma u d-detentur tal-bond.

Fid-dawl ta' dan, l-asset managers li huma firmatarji tal-PRI jagħmlu assessjar tal-ESG qabel ma tittieħed xi deciżjoni dwar l-investiment. Dak li joħroġ mill-assessjar tal-ESG jenfasizza r-riskji materjali u jkun adattat skont l-istrateġija.

Key features

This document outlines the main features of the HSBC Life Assurance (Malta) Ltd. Flexible Savings and Investments Plan – Single Premium and FSIP Regular Options. It is important that you read this Key Features Document in conjunction with the Brochure to this Policy, Policy Terms and Conditions (PT&Cs), the Additional Terms and Conditions (AT&Cs), Key Information Documents (KID) and Investment Option Information Documents, your personal quotation, Proposal Form and the Policy Schedule. Please read it carefully and keep it with your plan documents. Full details are contained in the Policy Terms and Conditions. A copy is available on request from HSBC Life Assurance (Malta) Ltd, (hereafter to be referred to as 'HSBC Life').

Any dispute relating to this plan shall be subject to the exclusive jurisdiction of the Maltese courts. All plans are governed by the laws of Malta.

Terms defined in the Key Features Document shall have the same meaning as provided for in the Policy Terms and Conditions except if specifically defined herein.

Aims of the plan

The plan is a unit-linked life assurance investment plan with a range of local and international sub funds backed by underlying assets held in a range of currencies. The plan allows you to participate in the HLM Unit-Linked funds ('funds'). It is a cost-effective route to indirectly invest in global and local financial markets.

Not all funds may be available for investment at all times.

The plan offers the flexibility to switch between funds allowing you to react to market developments.

The plan aims to provide a lump sum payment on maturity.

Additional Protection available on the FSIP Regular Option

The Flexible Savings and Investments Plan – FSIP Regular Option offers you a choice of additional life assurance and disability benefits to protect yourself, your spouse/partner and dependants. The additional protection (hereafter to be referred to as 'Additional Benefits'), include:

- Additional Term Cover.
- Accidental Death Benefit.
- Permanent Total and Partial Disability.
- Critical Illness.
- Waiver of Premium.

Risk factors of the plan

- If you cash in the plan within the first five years, you must pay surrender charges.
- Inflation reduces the purchasing power of the maturity value of your plan.
- Claims for additional benefits will not be paid out unless you disclose any requested material information or if you provide inaccurate information before the plan starts.
- Applications for additional benefits are subject to underwriting. Life cover will commence only after we accept the application.

Liquidity Risk

The illiquidity of some of the underlying funds within the Policy that could arise from the markets and/or securities in which the underlying funds invest, may create potential risks for investors in that the underlying fund/s may sometimes experience delays in liquidating assets in order to maintain their own liquidity requirements. In such case, the HLM Unit-Linked Fund investing in that underlying fund may in turn experience delays to liquidate its units within the underlying fund/s. In such circumstances, HSBC Life has the right to suspend the purchase or sales of Units in the Policy until the underlying Fund/s regain their liquidity. This could result in the delay in the payment of Policy benefits on surrender of the Policy or on request for a partial withdrawal of the Policy.

Risk Factors of the HLM Unit-Linked Funds

- Past performance is not necessarily a guide to future performance. The value of investments and the currency in which they are denominated may go down as well as up and you may not get back your original investment.

When will the plan pay out?

The plan will pay out upon maturity or earlier on the death of the Life Assured. If additional benefits are chosen (these are described under 'What other benefits can I choose?'), the plan will also pay according to the chosen benefit/s. HSBC Life will pay to the designated Beneficiary the bid value of the investment upon maturity. If the life assured dies within the plan duration (known as term), HSBC Life will pay to the designated Beneficiary the higher of the Guaranteed Life Assurance and the bid value of units, together with any additional term benefit chosen. If however the Life Assured suffers a disability or illness within the term of the plan, HSBC Life will pay the Life Assured the sum assured if an appropriate additional benefit had been chosen. The claimed benefit will cease and the plan may continue.

When joint Policyholders so agree and the agreement is notified to Us, on the death of one of the Policyholders all interests in the Policy at the time of the death shall consolidate in favour of the surviving Policyholder/s and the Policy shall continue in force with the surviving Policyholder/s only.

Does the Flexible Savings and Investments Plan offer any tax incentives following the introduction of Third Pillar Pensions?

No. It is important to note that the Flexible Savings and Investments Plan is a private investment product that is not a pension plan. It is not linked in any way with the Malta pension system nor any reform of it that may take place.

Important considerations

The Policy Terms and Conditions shall constitute the contract between You and HSBC Life.

This product is a unit-linked insurance plan and as with other unit-linked insurance policies, the money invested in this plan is not guaranteed except to the sum assured paid out in the case of death or the value of the plan if higher than the sum assured.

The investment element of the money paid into your unit-linked plan is invested by HSBC Life in the choice of your funds. Each of the funds offered by this product is linked to underlying assets which have different degrees of risks and rewards, depending on your investment objectives. The value of your plan at maturity or at surrender date will depend on the market value of the accumulated units in your selected funds at maturity or surrender date and is not guaranteed. | | |

| Fund Switching | <p>You may transfer all or part of the units in the funds that you had selected at any time to other funds. This is known as "switching" and it involves cancelling units in one fund and purchasing units in another fund/s.</p> <p>This is done on a bid-to-bid basis. This means that you will not be charged the bid/offer spread when switching.</p> <p>Refer to Table 4 – 'Fees and Charges' for more information.</p> |
| Minimum Balance | When switching, you can either transfer all the units to a new fund, leaving a nil balance in the originating fund, or maintain the originating fund open with a value of not less than €250. |
| Switching Charges | Please refer to the Table 4 – 'Fees and Charges' for full details. |
| Premium Redirection (FSIP Regular Option) | Future contributions and <i>ad hoc</i> lump sum contributions, can be routed to selected funds, different from the current selection, by means of a "fund redirection". Redirections are currently free of charge. |

Table 4 – Fees and Charges

|-------------------------|--|
| Premium Allocation | <p>Upon receipt of the initial premium, HSBC Life will use that portion of the contribution available for investment to purchase units in the funds at the offer price determined on the next valuation after the policy is issued and at the fund proportions chosen by you.</p> <p>Subsequent premiums are allocated at the next valuation after the premium is paid. The units will be notionally allocated to the plan for the purposes of determining the benefits attributable to the Policyholder although the units are not actually owned by the Policyholder. HSBC Life will remain the legal owner of the underlying funds and investments.</p> |
| Premium Allocation Rate | The allocation rate is the proportion of your premium which will be allocated to your plan account to purchase units in the fund/s of your choice. Premium allocation over 100% means that you are benefiting from extra premium allocation. |

Table 5 – Fees and Charges Examples

| | |

| Plan Fee | No plan fee is deducted either from the premium being paid or from the plan account. |
| Premium Allocation Example | <p>HSBC will determine the proportion of the premium to be allocated according to the allocation rates referred to in Table 4 – ‘Premium Allocation Rates’. On the FSIP Single and the FSIP Regular all allocation rates exceed 100% and therefore all premiums will benefit from an extra premium allocation.</p> <p>HSBC will then invest the allocated premium to purchase units at the Offer Price.</p> <p>Please refer to Table 4 – ‘Bid/Offer Spread’ The value of your units will be determined by the Bid Price.</p> |
| FSIP Single Option Example | <p>A lump sum investment of €10,000 in the HLM Cautious Fund.</p> <p>Allocation:</p> $\text{€}10,000 \times 103\% = \text{€}10,300$ <p>Units Purchased:</p> $\text{€}10,300 \div \text{€}4.7450 = 2,170.71 \text{ units}$ <p>Value of units $2,170.71 \times \text{€}4.5160 = \text{€}9,802.93$</p> |
| FSIP Regular Option Example | <p>A monthly premium of €150 in the HLM Cautious Fund.</p> <p>Allocation:</p> $\text{€}150 \times 102\% = \text{€}153.00$ <p>Units Purchased:</p> $\text{€}153.00 \div \text{€}4.7450 = 32.18 \text{ units}$ <p>Value of Units: $32.18 \text{ units} \times \text{€}4.5160 = \text{€}145.32$</p> |

How do I choose the funds?

This will depend on a number of factors, such as your age, attitude to risk and investment objectives. For example, if you are still young, you may wish to invest a percentage of your portfolio in equities. Although subject to volatility, equities, in the long term usually outperform other forms of investment.

If you are nearing retirement, you may prefer the more cautious local or international bond funds that are less subject to volatility.

If you are neither particularly risk averse, nor a risk taker, a balanced selection of international and local bond and equity funds, giving a reasonable level of security but plenty of potential for capital growth may be the most appropriate investment.

A Premier Relationship Manager/Financial Planning Advisor, at your local HSBC branch can provide you with information to enable you to choose the fund/s that match/es your investment objectives and your attitude to risk.

How is the value of the funds calculated?

The assets of each fund are valued daily and a bid and offer price determined for each fund. The process takes into account the market value of the underlying assets and all other relevant factors including all expenses.

How can I find out the value of my investment?

You can check the indicative value of your plan and view your annual statement by using HSBC's Online Banking service*. For more details about this service, visit our website www.hsbc.com.mt

You can contact a Premier Relationship Manager/Financial Planning Advisor for an appointment.

What is the tax situation?

In order to ascertain your exact tax status, you should seek independent professional tax advice regarding Maltese and foreign tax legislation applicable to investment in unit-linked plans, and to income and gains derived from them and from their disposal.

The information below is a summary of the anticipated tax treatment applicable to unit holders in Malta and is based on tax law and practice currently applicable. The tax treatment is different to unit holders investing in the HLM Unit-Linked funds. Tax law, practice and levels of tax may change from time to time. The following does not include any information in respect of the tax treatment of the insurance company.

a. Unit-Linked Funds

Gains arising or accruing on surrender or maturity of a unit-linked plan are subject to tax under any of the following two categories of funds:

i. Investments in prescribed funds

The HLM Malta Bond Fund and the HLM Maltese Assets Fund are classified as 'prescribed funds'. Gains or income from these funds are not subject to tax in the hands of the policyholder. However, the investment must be held in these prescribed funds for a continuous period spanning the whole life of the relevant Unit-Linked policy or three years from the date of the relevant maturity or surrender, whichever is the lesser.

ii. Investments in non-prescribed funds

HLM Funds investing in overseas underlying funds are classified as non-prescribed funds. Gains arising from these non-prescribed funds, termed as "investment income" under the Income Tax Act are taxed through a final withholding tax at source of 15% as long as the underlying funds are either licensed in Malta as a collective investment scheme under the Investment Services Act or are notified in terms of Regulation 8 of LN207 of 2004 as Undertakings for Collective Investment in Transferable Securities authorised in accordance with UCITS Directive (Council Directive 85/611/EEC). No further tax would be chargeable but any tax withheld is not available as a credit against the recipient's tax liability or for a refund, as the case may be.

In general, non-prescribed funds include:

- all non-Maltese resident funds;
- Maltese resident funds which have declared that the value of their assets situated in Malta does not amount to at least eighty-five per cent of the value of their total assets, and which are classified as such by the Commissioner of Inland Revenue.

All the Unit-Linked funds currently available for selection under the Flexible Savings and Investments Plan are classified under this category with the exception of the HLM Malta Bond Fund and the HLM Maltese Assets Fund.

What would happen if any of the underlying funds were to fail?

A fund is a mixture of different assets. The premium you pay is invested into underlying fund/s of your choice. The premium allows you to acquire units in the fund/s.

The value of your units depends on the performance of the fund/s. The performance of these funds depends on the market value of the assets owned by these funds. In the event of financial failure of any of these underlying assets held by the funds, the Bid and Offer Prices of the funds would be reduced accordingly. The fund would however only fail completely if all of the underlying assets held by the funds were to fail.

What would happen if any of the underlying fund managers were to become insolvent?

Where the assets held by the funds comprise units in Collective Investment Schemes, these may be administered by reputable fund managers. In most cases, the Collective Investment Scheme's assets are adequately ring-fenced and registered with independent custodians and are, therefore, protected against the insolvency of any such managers.

*Please note that the value of your policy as indicated on the Online Banking Service is NOT the value that you would receive upon partial or full surrender of your policy. Values shown on the Online Banking Service are updated on a weekly basis and are only intended to be indicative. The final value may therefore vary significantly from the indicative value. If no Online Banking Service is held, you will receive an annual statement of your plan showing the plan value.

Do I need Central Bank approval for foreign investments?

No. All underlying investments are owned by HSBC Life. All the units allocated to your plan are thus local investments.

The following are summaries describing the additional covers available to policyholders together with the main plan. These are available at an extra cost and are each subject to Additional Terms and Conditions ("AT&Cs") in relation to the particular benefit chosen, which AT&Cs are available on request. Before selecting any one of these additional benefits you should read the relevant AT&Cs.

Additional Term Cover

As an optional benefit, you may purchase additional life assurance cover under your plan. This benefit pays an additional sum of money, chosen by yourself, if the Life Assured dies before the plan matures. By choosing this benefit you will ensure that your family will be financially protected should the worst happen in the future.

Full details of this benefit are contained in the Additional Policy Terms and Conditions for Term Assurance Benefit.

Accidental Death Benefit

Accidental death may be covered as an Additional Term Cover, this option guarantees the payment of an additional sum assured equal to that of the Additional Term Cover if the Life Assured dies due to bodily injuries resulting exclusively from an accident.

Full details of this benefit are contained in the AT&Cs for Accidental Death Benefit.

Permanent Total and Partial Disability

This option provides protection if the Life Assured becomes totally or partially disabled, and a lump sum is paid according to the degree of disability. Payment of the lump sum is made 12 months after the occurrence of the accident or disease, and any remaining Sum Assured is kept assured at an appropriate premium.

Full details of this benefit are contained in the AT&Cs for Permanent Total and Partial Disability Benefit.

Critical Illness

This option guarantees the payment of the selected sum assured if the Life Assured is diagnosed with any one of the following conditions: heart attack, coronary by-pass, stroke, kidney failure, life threatening cancer, major organ transplant, coma, paralysis, blindness, and severe burns.

Full details of this benefit are contained in the AT&Cs for Critical Illness Benefit.

Critical Illness Benefit will not be paid if covered illness or disease occurs within 3 months of commencement of the policy. In addition, the life assured must survive for 28 days from diagnosis of the condition that gave rise to a claim for the sum assured under this benefit to be paid. In case of a claim, the life assured must notify HSBC Life in writing within 90 days from the date the illness was diagnosed.

Waiver of Premium

This option applies only if the policyholder is also the Life Assured.

This option provides you with a waiver of premium if you suffer a disability which causes you to lose your income. In other words, your life plan will continue. The disability must continue for a period of not less than 6 consecutive months to qualify you for the waiver of premium.

Full details of this benefit are contained in the AT&Cs for Waiver of Premium Benefit.

Summary of the HSBC Group Conflicts of Interest Policy

The HSBC Group

Headquartered in London, HSBC is one of the largest banking and financial services organisations in the world. HSBC's international network comprises offices in countries and territories in Europe, the Asia-Pacific region, the Americas, the Middle East, Africa and Turkey.

Conflicts of Interest

A Conflict of Interest ("Conflict") is a situation or arrangement where HSBC Group, or a company with which it has an association, ("HSBC") and/or any of its employees is subject to multiple influences, the competition of which might adversely affect decision-making or outcomes in the course of conducting business.

A Conflict can be due to the competition of legitimate influences (such as acting for multiple clients), or the presence of harmful ones (such as personal gain). Because it provides a wide range of services, HSBC may from time to time have interests that conflict with its clients' interests or with the duties that it owes to its clients.

Conflicts can arise between:

1. one client and another (client versus client);
2. HSBC and a client (HSBC versus client);
3. an employee and a client (employee versus client);
4. an employee and HSBC (employee versus HSBC); and/or
5. one part of HSBC and another (HSBC versus HSBC).

HSBC has established policies and procedures that are designed to identify, and prevent or manage Conflicts. Conflicts policies are reviewed at least annually. These policies and procedures include arrangements to safeguard the interests of clients.

How HSBC deals with Conflicts

HSBC's organisational structures are designed so that behaviour that could lead to Conflicts is not incentivised or rewarded.

Where necessary, HSBC restricts the flow of information to certain employees in order to protect its clients' interests.

HSBC has procedures in place to:

- identify all types of potential Conflicts that could reasonably arise in the context of its activities;
- maintain registers of all potential Conflicts identified;
- prevent or manage Conflicts on an ongoing basis;
- disclose Conflicts where appropriate; and
- maintain evidence of all occurrences of Conflicts that cannot be managed.

Identifying Conflicts

Each of HSBC's Global Businesses is required to consider the types of potential Conflict relevant to the specific services and activities they carry out.

For example, potential Conflicts are considered when:

- developing a new product;
- establishing or amending any cross-referral, revenue sharing or joint venture arrangements; or
- transferring businesses, activities or operations (or parts thereof) to another part of the Group.

When potential Conflicts involve clients, the assessment also takes into account whether the Group and/or any employee:

- is likely to make a financial gain or avoid a financial loss at the expense of any client;
- has an interest in the outcome of a service provided to a client, or of a transaction carried out on behalf of the client, which is distinct from the client's interest in that outcome;
- has a financial or other incentive to favour the interest of one client (or group of clients) over another;
- carries on the same business as the client; and/or
- receives or will receive an inducement in relation to a service provided to the client from a person other than the client.

HSBC maintains internal registers, documenting and evaluating all identified potential Conflicts. These registers also record the controls in place to prevent or manage each type of Conflict, and are subject to regular oversight and review by HSBC senior management.

Preventing or managing Conflicts

HSBC structures the remuneration, deployment and management of employees in a way that minimises Conflicts.

Conflicts clearing procedures ensure that, where necessary, potential Conflicts are escalated and managed before HSBC is committed to a transaction.

In some cases, HSBC will consider declining to act for one or more clients. For example, if:

- a Conflict is too great;
- confidentiality obligations prevent adequate disclosure (see Disclosure, below); and/or
- informed consent cannot be obtained, or is an insufficient control to manage a Conflict.

A dedicated Conflicts Management Office, reporting to the Regulatory Compliance department, is the point of escalation for significant Conflicts, and resolution of cross-business Conflicts brought to its attention.

Written reports on the services and activities reflected in the Registers of Conflicts are presented to senior management of the Group at least annually.

Disclosure

HSBC may make general disclosures to clients about certain types of potential Conflicts, explaining how such Conflicts are managed (for example, through separation of businesses or measures to prevent unauthorised sharing of confidential information) to mitigate the risk of damage to clients' interests.

However, where HSBC has used all reasonable efforts to prevent or manage a Conflict, but the risk of damage to a client interests remains, a specific disclosure about the presence of a Conflict will be made to the client.

Specific disclosures will be made prior to the conclusion of a contract, in a durable medium, and include sufficient detail, taking into account the nature of the client, to enable that client to take an informed decision.

At times, a duty of confidentiality to one client might limit the disclosures that can be made to another.

Employees

HSBC requires its employees to apply good judgement and act with integrity, taking all appropriate steps to:

1. avoid personal Conflicts (for example, in their personal account dealings); and
2. proactively escalate personal Conflicts that do arise.

No employee is permitted to advise a client on any matter in which they have a personal interest, nor take commercial decisions on behalf of the Group if those decisions are connected to their personal or external business affairs until steps have been taken to satisfactorily manage the Conflict.

HSBC will take all reasonable steps to identify, and prevent or manage, Conflicts of Interest.

The Packaged Retail and Insurance-based Investment Products Regulation ("PRIIPs Regulation")

The Packaged Retail and Insurance-based Investment Products Regulation ("PRIIPs Regulation") came into force on 1 January 2018. This stipulates that HSBC Life Assurance (Malta) Ltd is to produce a pre-contractual Key Information Document ("KID"). The Regulation is intended to make it easier for retail investors to understand and compare the key features, risk, rewards and costs of different products in scope of PRIIPs through the provision of the KID. This is a free-of-charge stand-alone document which is to be shared with the investor prior to the conclusion of any transaction.

The main goal of the PRIIPs Regulation is to enhance investor protection standards for retail clients. In line with the regulation the KID is updated on a regular basis. Sustainable Finance Disclosure Regulation (SFDR)

In accordance with SFDR, HSBC Life as manufacturer of insurance-based investment products (IBIPs) is required to provide disclosures on how it considers sustainability risks and the impact of Environmental (E), Social (S) and Corporate Governance (G) matters in their investment decision making process and remuneration policies. The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Impacts of sustainability risks on the returns of the of insurance-based investment products (IBIPs) Unit Linked products

The following paragraphs describe the integration of sustainability risks in the design of products where HSBC Life has some influence over the choice of fund and fund manager.

Sustainability standards and principles are incorporated in our product governance and approval process. In an effort to understand the sustainability risk and impact of each investment decision, through our specialised due diligence team HSBC Life primarily works and engages with asset managers which are signatories to the Principles for Responsible Investment (PRI) and which integrate sustainability risks into the investment process. This means that the principal adverse impacts of investment decisions are considered through such process.

To provide customers with a choice of investments which reflect their personal needs and preferences, HSBC Life Unit-Linked products offer access to a range of investments which are managed by external fund managers. For these products, the investments and associated returns and risks, including those relating to Sustainability, result entirely from the bespoke portfolio of investments selected by each individual customer. The screening or due diligence of the sustainability risks relating to the investment are carried out by the respective fund manager. Refer to the HSBC Life fund fact sheets for information about the fund manager and respective funds. The Fund Fact Sheets can be found at <https://www.hsbc.com.mt/insurance/forms/>.

The integration of sustainability risks in product design and/or proposition does not necessarily mean the financial performance (of the product or the underlying investment) will be affected.

However, funds that manage ESG issues well may better anticipate future ESG related risks and opportunities. This makes them more strategically resilient and therefore able to anticipate, and adapt to, the risks and opportunities on the horizon. Likewise, if managed inadequately, ESG related risks can adversely impact the value of the underlying investment.

These risks can materialize in various forms including:

1. reduced revenue due to shift in customer preferences, negative impact on workforce, social unrest and decreased production capacity;
2. increased operating/capital costs;
3. write-off and early retirement of existing assets; and
4. loss of reputation due to fines and judgements and loss of license to operate.

All these risks can potentially threaten the investment case and destroy shareholder's and bondholder's value.

With this in mind, asset managers which are signatories to the PRI conduct ESG assessment before taking any investment decision. The resultant ESG risk assessment emphasizes material risks and is adapted according to the nature of the strategy.
